## **Board reports**

### **Treasurer – Wendy Bryant**

Grants have been awarded and families have been notified. They will be getting invoices in the mail. Managers please send an email to Wendy regarding which tournaments your teams are participating in.

We received thank you notes from our college scholarship recipients.

### **Fundraiser Report – Cari Wolf**

Shirts have all been delivered. If a player wants an extra t-shirt – they are \$14 – name printed on the back is extra. Fan gear is available for anyone to purchase – shirts, sweatshirts, hats, etc. You order online yourself and pay with card.

We are planning a club-wide fundraiser barbeque at the end of August. It has been a problem selecting a date due to tournament schedules and Labor Day weekend. Email Cari with any ideas you might have. Vendors are needed. Each team will provide a gift basket that will be auctioned off.

### **KPYSA Report – Ron Nystrom as reported by Dale Holdren**

There are some small sided referee clinics available on 8/16 - it is posted on the Tracyton Website. Westsound is looking for a representative to attend meetings and represent KPYSA for the State Championship Cup. Please pass on to parents – no experience required.

### **Registrar Report – Vickie O’Leary**

All u11-U17 are registered through the state websites. U10 players with the PSPL need to register themselves. U18 is not completed at this time.

All coaches need to check to see if their RMA is completed.

Make sure you register with the District 4 website – you will need this in order to see your game schedules, report scores, and verify you have a ref. Only new managers need to register.

### **Fields & Assets – Jackie Lax**

Olympic stadium is open and has had new lines painted. Please remind families that no drinks other than water are allowed on the field. Also, do not park in the pool parking spaces. At Anderson field, do not park in the wheelchair lot. It seems the neighbors have been bothered by the traffic. We are 3<sup>rd</sup> in line for field priorities, but we need to follow the rules.

### **President’s Report – Dale Holdren**

The PDL has been succeeded by the RCL – Regional Charter Leagues. Casey O’Leary and Todd Lincoln – founders of the PDL - ran into limitations. Due to these limitations and the PDL’s need for state support, the state has now re-organized the PDL so that the state has jurisdiction. There won’t be a huge change the first year, but hopefully things will run smoother. There will be one RCL per region with Westsound being the premier club for our region. For further information, please see the WSYSA website. An email has been sent to all members with links to their website.

The president of the Tracyton soccer club has asked if there were any high school student who might be interested in assistant coaching. Please contact Dale for further information.

**Old business** – none reported

**New business** – question: How do we address rule breakers at games?

Remind visiting team managers of the rules pertaining to your field. No sport drinks on stadium field, no pets etc. If there is a problem that you aren’t comfortable addressing – let it go. Also, if you are at Olympic stadium, the grounds keeper should be there and you can ask him to address the rule breaker.

A sign (sandwich board style) would be helpful to remind visitors of the rules. This can be left in the stadium office (hopefully) between games.

Showcasing your college bound player – Ron Nystrom has considerable experience in this area. Please contact him directly for information or questions. Our CAP director Leigh Cullip will be providing information in the near future.

Good of the game: Puma’s last game is this coming Sunday.

Meeting adjourned at 7:50pm.
